

NSWHP Test Catalogue Quick Reference Guide

NSWHP Test Catalogue

Our NSWHP Test Catalogue is an online directory, a single source of truth for all testing information, collection and processing instructions, and billing details for the thousands of tests performed at all of our laboratories.

It includes enhancements not seen before including useful links, guidance around collection methods and advice for patients.

You can access it anytime from anywhere, on your mobile device or desktop.

Accessing the NSWHP Test Catalogue

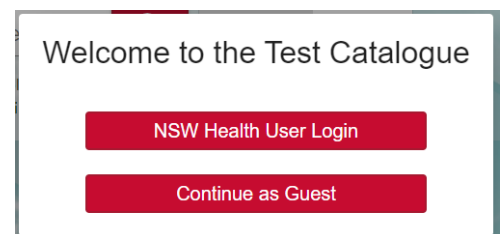

- Go directly to catalogue.pathology.health.nsw.gov.au
- From your LHD intranet page
- Use this QR code to go directly to the NSWHP Test Catalogue

Logging in

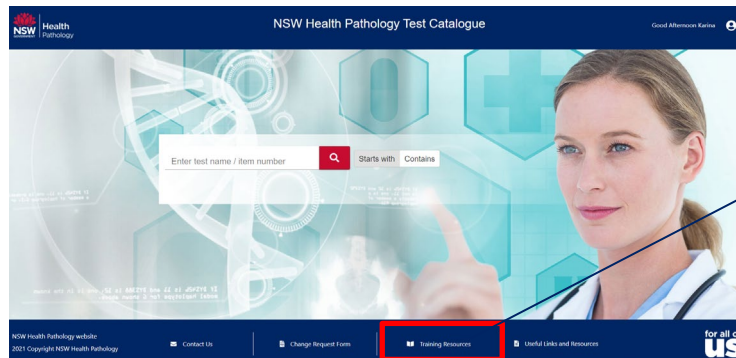

Log in as NSW Health User with your NSW Health address to access the full functionality available.

On your first log in, you will be prompted to enter your Stafflink credentials.

Training Resources

Training materials are available in the Training Resources link at the bottom of the homepage.

It is important to set your profile preferences before using the Test Catalogue – refer to Training Resources for instructions.

Training is also available through HETI My Health Learning by searching “NSWHP Test Catalogue” or “Test Catalogue”.

More information

For more information or training contact the support team at NSWPATH-TestCatalogue@health.nsw.gov.au or click on the “Contact Us” link at the bottom of the homepage.
