Pathology results delivered straight into your practice software using HealthLink

Get started today

Do you have a HealthLink account?

1. Yes – Please provide us with your EDI.
2. No - Visit www.healthlink.com.au/healthlink-application/ to register for a free account by selecting “sign up” and then follow the prompts.
3. Once we get your request from HealthLink, we’ll contact you with a link to another form to complete and return to us. Once we have that information, we’ll set you up to receive electronic results - easy!

What if I only see private patients?

NSW Health Pathology also cares for private patients. The results are linked to a provider number.

Ensure your private patient is linked to your private practice provider number and the relevant results will be available in your practice software.

Who do I contact for more information or assistance?

NSW Health Pathology’s Business Development team will help you get set up and answer any questions you might have.
